

The Original
Auto-Neon®
Accessories

INSTALLATION

- 1) Remove your existing shift knob (most unscrew from shaft).
- 2) Choose appropriate insert (3/8, 7/16, 1/2, 9/16) for the shaft.
- 3) If insert is used, make sure that the allen screws line up with open slot on the insert. The allen screw should screw thru open slots.
- 4) After placing the shift knob on shaft tighten the allen screws with the allen-wrench supplied. Plug adapter into cigarette lighter and press switch "ON".

**PERMANENT
INSTALLATION:**

- 1) Remove your existing shift knob (most unscrew from shaft).
- 2) Remove console top and shift boot.
- 3) Run the wire from the shift knob thru the boot and console.
- 4) Continue running this wire under the dashboard.
- 5) Replace console & boot and pull wire under dash to remove slack.
- 6) Choose appropriate insert (3/8, 7/16, 1/2, 9/16) for the shaft.
- 7) If insert is used, make sure that the allen screws line up with open slot on the insert. The allen screw should screw thru open slots.
- 8) After placing the shift knob on shaft tighten the allen screws with the allen-wrench supplied.
- 9) Connect black wire to a (-) ground & connect the red wire to a constant 12 volt source.
- 10) Press switch... & Enjoy!
